COMMUNICATE WITH CONFIDENCE

ARE YOU MEETING YOUR LEGAL REQUIREMENTS?

By law, IEP meetings must take place on an annual basis for each child who requires one, to ensure that parents and guardians are **aware in their native language** of their child's Individualized Education Plan (IEP).

BUT YOU KNOW ALL OF THIS

For school districts, the challenge of meeting these legal obligations, keeping participants happy and doing all of this on time and on budget is where it starts to get complicated.

Certified Interpreting Services can help you meet your obligations and save unnecessary time and expense.

Here's how we help:

Our expert interpreting and translation service reduce your legal liability by using qualified professionals, trained in Special Education interpreting.

Our interpreters perform simultaneous interpreting which cuts IEP meeting times by about 50%. Impartial interpreting ensures that process is respected.

The important details

Your current situation:

- ⊗ Meetings are interrupted, delayed or suspended due to the bilingual representative's lack of Special Education experience or knowledge of medical terminology.
- ⊗ The school district is at risk of legal action if parents or guardians sign off on an IEP without fully understanding the contents. In addition, any confusion over provision becomes a major headache for both sides.
- ⊗ Participants at IEP meetings find the process frustrating and time-consuming, as a result of waiting for bilingual representatives to take notes and translate for parents.
- ⊗ Time is wasted when bilingual representatives become emotionally invested and begin to advocate for parents.
- ⊗ The translation of IEPs documentation often takes up to 2 months, due to the inexperience and lack of expertise of the translator.
